

September 5, 2017

Dear Valued Customer:

Berry Global, Inc. continues to work diligently to control our product costs and increase efficiencies. Unfortunately, over the past four years we have had steep increases in areas of packaging, energy, freight, raw materials, labor and overhead. We are announcing a **4-8% price increase on all of the Patco brand tapes effective October 9, 2017.**

Your sales representative will be contacting you shortly with your specific increase amount by product.

Orders placed on or before October 6th will be at the current price and must be for immediate shipment and will be limited to a historical 30 day demand for that item. Orders received on or after October 9th will be processed at the new price

On behalf of everyone at Berry Global, Inc., we thank you for your continued support. As the world's largest manufacturer of pressure sensitive adhesives, we are positioned to provide you with a consistent and quality supply of our industry leading products. We value your business and look forward to partnering with you for years to come.

If you have any questions, please contact your local sales representative.

Sincerely,

A handwritten signature in blue ink that reads "Brian Hommel".

Brian Hommel
Director of Sales, Industrial Tapes
