

# SCAPA 0485

## FLEXIBLE RUBBER ADHESIVE STRIP

An ideal choice for all your  
general-purpose mounting  
and bonding applications.

I N D U S T R I A L

## Unique Transferable Adhesive Sticks To Almost Anything.

Scapa 0485 features an aggressive rubber adhesive that offers excellent bond strength and requires no cure time. It adheres quickly and easily to most surfaces, making it an ideal choice for a wide range of bonding and mounting applications including:

- Bonding wall insulation and panels
- Securing flooring materials such as carpeting, tile, and threshold strips
- Joining of plastic sheeting
- Mounting of signs and displays
- Bonding trim and fabrics during furniture construction
- Bonding interior padding in protective headgear
